

YOUR VISIT: **PATIENT SAFETY UPDATE**

What to expect at your visit/appointment

Based on recent COVID-19 tracking trends in the region, effective March 20, 2023, Eye Consultants of Pennsylvania has approved a “Masks Optional” policy in all Eye Consultants of Pennsylvania offices and optical shops. This policy applies to patients, doctors and staff.

We will continue to monitor COVID-19 tracking trends for the region, and may adjust our policy according to that data. Additionally, mask requirements may be re-implemented based upon the infection control needs of any office.

At the same time, if you are more comfortable wearing your mask during your visit and appointment, please feel free to do so.

Appointments

All offices are open for patient visits and elective surgeries. If you need an appointment, please don't hesitate to call 800-762-7132 or visit EyeConsultantsOfPA.com.

Patient welcome process

- Please come into the waiting area and check-in as you have always done (pre-Pandemic). Additionally, all check-in and check-out stations are fully open.
- After you check in, if you would feel more comfortable waiting in your car, please inform our receptionist and provide a cell phone number where we can reach you, and we will certainly accommodate you.
- If you feel more comfortable having a friend or family member accompany you for your appointment, you may do so; but please limit it to one person.

As it has been since the beginning of the Pandemic, our first priority has been the health and safety of our patients, our physicians and our staff, and it remains so.

Thank you for your continued trust and patience. If you have a question about your care, or you need an appointment, please don't hesitate to call 800-762-7132 or visit EyeConsultantsOfPA.com.
